Art Transforms

Imagery is powerful. It establishes mood and evokes emotion. When it comes to selecting art for Hospitality projects, there is more to consider than just color or subject matter. It is a competitive market, and for destination hotels and resorts, branding and identity are vital to creating a narrative. It is the story that guests want. They want to escape the familiar and immerse themselves in new experiences. From Brand Standards to unstandard brands, art plays an enormous role in the identity of a place.

Who are we?

We were founded in 1981, and over the last 35 years we've grown into a full-service, art consulting company offering a whole host of artistic services under one roof. From innovative designs conceived by our visionary creative staff to original, custom artwork produced in our dedicated artist studio; from our state-of-the-art photography capture studio to our cutting-edge printing division; from our advanced production and framing facility to our expert logistics and installation team, HG Arts has mastered the process of making fine art.

What do we do?

We work with interior designers, architects and corporate clients to create dynamic interiors with fine art, open editions, custom giclées, stylish framing options, wallcoverings, interactive, and dimensional artwork. From concept to installation, our dedicated team delivers products that inspire, transform, and transport.

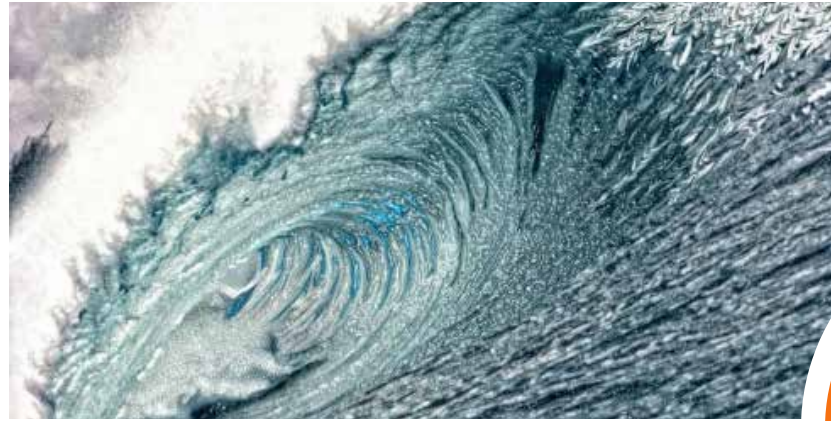

Why choose us?

We think our work speaks for us better than words can. Margaritaville Resort. Hard Rock Hotel. Planet Hollywood. Grey Wolf Lodge. These names are synonymous with destination and they conjure specific images of their brands. You see them and your mind makes an instant connection. HG Arts is proud to know that our work helped create that memorable impression!

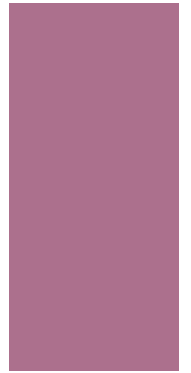

What about Hawaii?

We may be Haoles, but we know a thing or two about working in the islands. Our work has been featured in MSCI Maui and Courtyard Marriott Kauai. Currently, we're working on WVO Kona and Starwood Sheraton Kauai and hope to grow that experience by working with you on the 'Okina!
